

## Green Campus Initiatives:

A green campus is a place where environment friendly practices and education combine to promote sustainable and eco friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solution to environment.

### Major Green Campus initiatives:

- Proper drainage facility has been made for waste water disposal.
- Rain Water harvesting/ Ground water recharge well is constructed.
- Separate store room has been made to store the E-waste generated by the college.
- The college has been declared plastic free Zone, and there is a ban on the use of single use plastic in the college campus.
- Plantation of various fruit bearing plants, medicinal plants and flower garden is made within the campus.
- Initiative has been made to upgrade the traditional library into a digital library.
- Vehicle entry through a separate gate is ensured for the staff of Swami Yogananda Giri College and others.
